Date: 13th February 2025 to 18th February 2025

Organized by: Department of Radiology and Imaging Technology in association with Allied Health & Healthcare Professions Education & Research (AHAHPER)

Theme: Enhancement in Teaching, Research, and Innovation in Research

Duration: 13th February 2025 to 18th February 2025.

Introduction

The Department of Radiology and Imaging Technology at Era University successfully organized a Faculty Development Program (FDP) from 13th February 2025 to 18th February 2025. The theme of the FDP was “Enhancement in Teaching, Research, and Innovation in Research.” The primary objective of the program was to enrich the teaching methodologies, promote research innovations, and encourage academic excellence among faculty members.

Objectives of the Program

1. To enhance teaching and research skills among faculty members.
2. To introduce innovative research practices and methodologies.
3. To encourage collaborative research and networking.
4. To facilitate knowledge exchange between experts and participants.

Participants

The FDP saw an overwhelming response, with approximately 384 participants from various institutions across the country. The diverse group of participants included academicians, researchers, and professionals from the various educational areas.

Resource Persons

The program featured 30 distinguished speakers, including 15 eminent experts from Era University and 15 renowned speakers from other institutions across the country. These resource persons shared their expertise on various aspects of teaching, research, and innovation, making the sessions highly informative and insightful.

Program Highlights

- Inaugural session with keynote speeches by distinguished guests.
- Interactive workshops and technical sessions on modern teaching methods.
- Q&A sessions to facilitate knowledge sharing.
- Valedictory session with distribution of certificates to participants.

Outcomes of the Program

1. Improved teaching skills and research methodologies among participants.
2. Strengthened collaborations between faculty members and researchers from different institutions.
3. Enhanced awareness of innovative practices in research methodology & innovation.
4. Positive feedback from participants regarding the quality and relevance of the sessions.

Acknowledgments

The Department of Radiology and Imaging Technology extends its heartfelt gratitude to all the speakers, participants, and organizing committee members for their invaluable contributions to the success of the program.

Conclusion

The Faculty Development Program was a significant step towards fostering academic excellence and promoting research innovations. The enthusiasm and active participation of all involved made the event a grand success.
